# FAQ

## How do I get T-Mobile Benefit?

Join the T-Mobile Benefit program by one of the following means and enjoy the discounts offered by T-Mobile Benefit.

On the website: <https://www.t-mobile.cz/benefit>

At the store: <https://www.t-mobile.cz/prodejny-t-mobile>

Via the customer number: 800 73 73 73

To register into T-Mobile Benefit you will need the T-Mobile Benefit number, password and your employee number (if requested by your employer). Only a customer who already has a contract with T-Mobile Czech Republic a.s. can become a T-Mobile Benefit member.

Discounts given by the membership can be only applied on services (SIM) that the employee/member has under his/her contract.

## How do I know I am already using the benefits?

We will inform you about your inclusion in the T-Mobile Benefit program via SMS.

## What you should know before joining T-Mobile Benefit

If you are using any other discounts or benefits for mobile services (e.g. retention discount, marketing promo, etc.), they cannot be used together with the advantages of T-Mobile Benefit. The said discounts/benefits will be revoked after you join T-Mobile Benefit. The only permitted combination of benefits for mobile services is T-Mobile Benefit and Magenta1. If you purchased a subsidised mobile device (telephone discount), you can join the T-Mobile Benefit program only after repaying the discount on the mobile phone. This does not apply to a discount on installation.

## Service management

You can manage all your services in the mobile app My T-Mobile or on the website [www.t-mobile.cz/benefit](https://www.t-mobile.cz/benefit).

Or we are ready to help:

- At the store: <https://www.t-mobile.cz/prodejny-t-mobile>
- Via the customer number: 800 73 73 73

Please note that the tariff price is listed after the discount and the unit price (minutes and SMS) before the discount.

## First invoice

The first service billing will be divided into two parts - for the period before inclusion in T-Mobile Benefit and after inclusion in T-Mobile Benefit. The free units (calls/SMS/data) will be divided accordingly.

## I used a subsidised mobile phone price (discount on a mobile device) before joining T-Mobile Benefit. Can I become a member?

In this case, you cannot become a T-Mobile Benefit member and enjoy the benefits of membership. The applied discount on the mobile device must be repaid first. You can then become a T-Mobile Benefit member. The amount for repayment is equal to the obtained discount.

## I'm going abroad

During the first three months of the contract, you have automatically activated T-Mobile Roaming Start which is valid in selected European countries. We recommend checking the availability of calls, SMS and Data here.

After three months from tariff activation, we will automatically switch on full Roaming, with which you can call, write or use data almost anywhere in the world.

The corporate network (VPN) is only applied to the subscriber's outgoing calls if he is calling from the Czech Republic, not from roaming. Roaming calls are billed according to the price list of the given service without using the corporate network.

Before going abroad, visit [www.t-mobile.cz/roaming](http://www.t-mobile.cz/roaming) and check the availability and prices of services in your destination.
